You can find Le Pré Catalan at Port Barcarès, a jewel in the Catalan region at the foot of the Pyrenees between the salt water lake and the Mediterranean Sea.

The resort has 8km of beaches and has been awarded the Blue Flag award for several years running.

Blessed with an ideal climate (300 days of sunshine per year), from May to September our village will welcome you to a green oasis with its magnificent palm trees.

Ideally situated, our family orientated campsite, has 250 pitches, and is less than a 1km walk from the beach, and a few kilometres from the lakes of Leucate and Salses where various water activities are available. Spain is nearby (only 40 minutes drive away).

An ideal place for your future holidays in the South of France on the Mediterranean coast

Enjoy our pools whatever the weather

Our pool complex comprises a sports pool which is 200m² in area with a depth of 160cm and a 300m² leisure pool.

The leisure pool incorporates a paddling pool, 2 cascades, water jets, a whirlpool and a small island accessed by a bridge.

Designed to suit families it's maximum depth is 130cm and it shallows to nothing at one end to cater for the very young children.

Both pools are heated throughout the season.

Surrounded by palm trees and free sun loungers, it is the ideal place to relax, sunbathe, read a book or meet new friends around the poolside bar. Try scuba diving (extra charge) or Aquagym (free) in July and August.

The childrens' Kingdom

Children of all ages can have fun and make new friends in the many activities organised by our team.

Workshops are run on a daily basis for children from the age of 5 upwards.

They will be able to meet other children and have a great time in the Mediterranean sun.

Every week in July and August, we organise a show prepared and presented by the children.

For the older children, a disco is open in July and August.

Entertainment, activities

Our entertainment team work hard all season to make your holiday as enjoyable as possible. They organize a variety of activities including tennis, table tennis, football, volleyball, basketball.

And of course pétanque (French bowls).

Or for the less energetic there is always time for a lie-in or a siesta!

Every evening there is entertainment with shows, quizzes, karaoke...

Froggy's bar is famous for its warm welcome and provides the perfect setting for a relaxed evening.
